

ANNOUNCEMENT
FROM THE TOWN'S OF
EAGAR AND SPRINGERVILLE

We hope the new year will bring us all closer together as a community. To that end, both towns have been working together more for our community and we plan to continue these efforts moving forward.

After years of talk, thoughts and ideas being put forward on how to better serve our citizens, we are making some significant changes. We have shared inventories and equipment lists to avoid duplication of intermittently used equipment that we will now be sharing. Purchases in the future will be coordinated by the towns to continue this cost saving measure.

The big news is that we are finally combining our Police and Fire departments. Yes, it has been a long time coming and it is happening! People have asked why this has not happened in the past. The short answer is that we can no longer afford to continue blindly with the status quo, and we now have the will to change for the betterment of our community.

The criteria established was that if it makes sense, provides better coverage for us all and saves money, then we have an obligation to move forward. We are confident that with all the hard work put into this, these combined services will be successful. Our thanks go out to all of those that worked to make this happen, especially our great staff.

We hope you will all welcome our new ROUND VALLEY POLICE DEPARTMENT and our ROUND VALLEY FIRE AND MEDICAL DEPARTMENT!

Steve Erhart, Mayor of Eagar

Shelly Reidhead, Mayor of Springerville
